Returns

To arrange the return of any item, please call customer services on 01527 878348 within 48 hours of receiving your delivery. All goods must be returned in a saleable condition. Returned items which have been delivered direct may incur a re-stocking charge so please take extra care when ordering such items. Food products are non returnable.

Carriage Terms

All orders within our Midlands catchment area are delivered free of charge; charges may apply to deliveries further afield. We do not have a minimum order value.

Environmental Policies

We take our share of responsibility in caring for the environment. That's why many of the products in this catalogue are produced from recycled materials; look out for the familiar symbol. We source copy paper from sustainable sources. Even this catalogue is produced from FSC accredited paper!

Terms and Conditions

We extend automatic credit accounts to local authority sponsored organisations. Terms of payment are 28 days following date of invoice. All prices are net and subject to VAT unless otherwise stated. Prices are correct at time of printing and are subject to change without notice. Goods are offered subject to availability and are supplied subject to our full terms and conditions, a copy of which is available on request.

E Pukka Dyslexia Pad A4 80gsm Ruled With Margin

Pukka Pads coloured notepads have been designed with guidance from the Irlen Institute who specialise in products for those with visual perception difficulties. With the use of formulated coloured paper and tinted ruling with margin, the coloured pads can help those with Irlen syndrome and /or Dyslexia. Located within the inside front cover of the pad is a visual stress self-testing form. This will help anyone with Irlen syndrome to assess which colour pad they are most suited to.

F Teflon Pouch Carriers

- The Lifejacket™ is designed to eliminate the risk of jamming or wrapping around the rollers which can be a problem when laminating smaller items in an oversized pouch.
- Made of Teflon® which allows heat to completely penetrate through the pouch giving excellent lamination results every time and will work on most laminators.
- Very long lasting and eliminates the need to continually buy standard card carriers

Never have dirty whiteboards again

Show-me® **MAGIX™**

Whiteboard Cleaner and Conditioner

Effortlessly restore a new look and feel to wall-mounted and mini whiteboards with this two-in-one product.

It's two products in one!

1. CLEANER

Makes all whiteboards like new. Each application effortlessly removes ghosting, stubborn staining, ballpoint pens and will even eradicate permanent marker.

2. CONDITIONER

Adds a conditioning microfilm layer to the board surface that not only improves the board's erasability, but gives a far smoother writing experience.

MAGIX™ comes in a trigger spray bottle for ease of use, and contains approximately 250 applications.

This means that for just a few pence per application, any whiteboard will look and feel brand new.

The original and best selling Show-me® Boards

Show-me Boards are more than mini whiteboards – they are fun, versatile and reusable classroom resources with no restrictions on how, where, when or why they can be used.

Just like the whiteboard on the classroom wall, Show-me Boards can also be used for workings, note-taking, mind maps and more. Every student in the class can have one for individual work, and teachers can see a whole class of answers by simply asking for the boards to be held in the air. Visual assessment has never been easier, and there's no need to waste pen and paper.

Better yet, on a Show-me Board, there's no pressure to get things right on the first try. Who wouldn't be more confident with the ability to erase and start again?

Embrace the freedom of mini whiteboards in your class

- ✓ Quickfire assessments from the front of the class
- ✓ No haunting mistakes

Paper & Card Thickness Guide

- Gsm = Grams per square metre - a measure of the weight of the paper and a general indication of its thickness and opacity.
- Microns = A specific measure of the thickness of the paper. 1 micron is 1/1000th of an inch.
- SHT or sheets is an old imperial measure of thickness.
- Because of the nature of paper manufacture, the conversion of weights to thickness is approximate and will vary between paper types and manufacturers.

Important Ordering Information...

To ensure your furniture ordering experience is as seamless as possible, please carefully read through the following important checklist...

01 Order early

Place your order as early as you can to avoid extended lead times during the summer months.

02 Check your order

Ensure you are ordering the correct dimensions and colours. Products are made to order so any returns or amendments after an order is confirmed may incur an extra charge. Sizes should also be checked to ensure that the correct size is ordered to suit the correct age group.

03 Contact details

Please supply contact name(s) and mobile phone numbers on all orders. This helps us book deliveries or to call the correct contact during school holidays.

04 Opening times

Please advise opening times if you are expecting a delivery within school holidays. These details will be used to install or deliver the goods on a convenient date.

05 Prepare for the delivery

Remember to keep hold of your old furniture until your new goods arrive, just in case any delays or issues occur. Ensure that there are staff available to receive the delivery as some courier policies are to deliver to the nearest undercover area so some items may need to be moved to the relevant part of the school.

06 Delivery

Some deliveries will be made by pallet via third party couriers within the pallet network and are curbside delivered. Please inform us before placing your order if this is an issue and we will discuss alternative transport options and any relevant costs. Please note, it is the customer's responsibility to remove or dispose of any packaging, including the wooden pallet itself.

07 Returns

Please note furniture is made to order and is therefore generally non-returnable if it has been supplied as per your order. Some suppliers may agree to collect and exchange an item but will usually charge a restocking fee. If it is necessary to return any furniture items then please contact our customer services team on 01527 878348 or email sales@forwardproducts.co.uk.

Notes to remember when ordering

- All classroom and office furniture is made to order so it is important to ensure that the correct size and type of furniture is ordered.
- Delivery times fluctuate throughout the year with lead times being extended during peak months (June-September).

Educational Furniture Height Guide

To help you purchase educational furniture in the correct heights for children, the following guide outlines recommend table and chair heights that comply with the British and European Standards (1729). As pupil heights can vary from cohort to cohort we recommend you measure their stature and popliteal heights (see below for an explanation on these terms) and then match these up to the below guide. If your priority is to match the heights of existing furniture, you will need to check these and specify them when ordering.

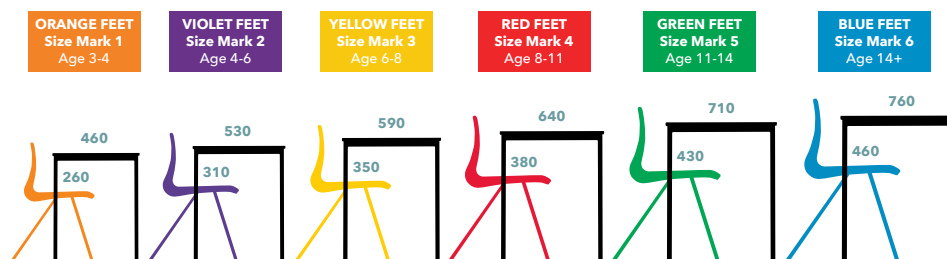

Standing & Working Heights

To help you purchase furniture that complies with the British and European Standards (1729), the following height guide indicates which fixed seat heights and table heights are suitable for the correct age and size. To ensure you purchase the most accurate height furniture correct in compliance with the standards, we recommend that you measure the stature and popliteal height. You can then match those measurements using the guide below.

For a visual guide to the different chair and table heights, please refer to the table below.

	SIZE MARK	AGE RANGE	POPLITEAL HEIGHT RANGE	STATURE RANGE	TABLE HEIGHT	CHAIR HEIGHT
1	NURSERY	3-4 years	250 - 280mm	930 - 1150mm	460mm	260mm
2	PRIMARY	4-6 years	280 - 315mm	1080 - 1210mm	530mm	310mm
3	PRIMARY	6-8 years	315 - 355mm	1190 - 1420mm	590mm	350mm
4	PRIMARY	8-11 years	355 - 405mm	1330 - 1590mm	640mm	380mm
5	SECONDARY	11-14 years	405 - 435mm	1460 - 1765mm	710mm	430mm
6	SECONDARY/ADULT	14 +	435 - 485mm	1590 - 1880mm	760mm	460mm

Standing & Working Heights

Popliteal Height

Popliteal height defines the correct seat height. The measurement is taken from the floor to the back of the knee when seated, with thighs horizontal and lower leg vertical with feet flat to the floor.

Stature

Stature is from floor to the top of the head.

Sitting Work Height

Sitting work height defines the correct table height. The measurement is determined by sitting elbow height, which is the distance from the floor to the underside of the elbow whilst sitting with the upper arm vertical and the lower arm horizontal.

Standing Work Height

Standing work height defines the correct standing table height. The measurement is determined by standing elbow height, which is the distance from the floor to the underside of the elbow of a standing person with the upper arm vertical and lower arm horizontal.

Dumbell Wobble Stool

An active sit for engaged learning, Dumbell stools support student movement, which is essential for cognitive development. Featuring a rounded base for an active sit, the stools offer freedom to fidget, which can help keep bodies and minds engaged. With its small scale and light weight, it is easy for students and teachers alike to carry and reposition as needed. When flipped, the gently concaved top with waterfall edge nests with the convex base to stack up to 3-high. The colour options offer playful appeal, while all-poly construction and a nonslip base design ensure durability and stability for years to come.

- All seating surface pad, base and spacer rings are in Iron Grey/Blue Grey (as shown). The underside is a textured, non-slip thermoplastic rubber padding in black
- Stacks up to 3 high (upside down)
- Available in 5 standard colours & 4 heights from 300-450mm
- Convex base offers 12° of rebounding motion
- Base weighted with steel for added stability
- Waterfall seat edge
- Thermoplastic rubber base is non-slip and suitable for carpet and hard floors
- Slightly concave seat pad with textured surface for added comfort
- Compact, lightweight & easy to move with integrated handle under seat lip

The guides below show the measurements of each sizemark and age and stature ranges they are suitable for. This information is for guidance only. It is based on average pupil size across the EU. **Customers must ensure sizes are correct for their individual requirements**

Table/chair sizes may vary slightly from the sizes shown. The standard allows heights to be within a 10mm tolerance.

Welded Frame Classroom Tray Tables

- The same quality tables as the preceding ranges, tray tables are fitted with runners and pull out trays providing individual storage for students
- Trays give extra scope for attractive colour schemes - see below for tray colour options
- Please check pupils will have sufficient leg room under tray tables; you may wish to move up a size
- **Please see Important Furniture Ordering Information on page 306 before placing your furniture order**

Straight Top Locker Desks

- These traditional desks are still popular throughout education and with good reason as they provide a sturdy, quality, long-lasting solution
- The desk frame is solid beech with mortice and tenon joints, glued and screwed for extra strength
- The desk lid is a beech melamine MDF top providing a matching finish
- The straight top locker desks have a pen groove on the back edge and are available as single or double desks
- The width between the legs is suitable for most chair types, internal width is shown below
- **Please see Important Furniture Ordering Information on page 306 before placing your furniture order**

Linetta uses state of the art anti-bacterial fabric technology Aguaguard 365

- A safe anti-bacterial protection system for upholstery fabrics, effective against viruses including Covid-19. Whilst research indicates viruses and bacteria survive longer on hard surfaces, soft surfaces like textiles can provide a large hosting area and benefit their carryover.
- It is comprised of a patented and registered silver technology (small silver particles are potent antibacterial and antiviral agents) and a pending patent fatty vesicle technology that acts as a booster to the silver technology that physically destroys viruses.

Aguaguard365 is:

- Harmless to the skin and body and uses a minimum of active ingredients
- EU BPR (Biocidal Products Regulation) and EU REACH compliant.
- Carries Bluesign, EPA, OekoTex and ZDHC (Zero Discharge Of Hazardous Chemicals) approval and certification.

Important Ordering Information...

To ensure your furniture ordering experience is as seamless as possible, please carefully read through the following important checklist...

01 Order early

Place your order as early as you can to avoid extended lead times during the summer months.

02 Check your order

Ensure you are ordering the correct dimensions and colours. Products are made to order so any returns or amendments after an order is confirmed may incur an extra charge. Sizes should also be checked to ensure that the correct size is ordered to suit the correct age group.

03 Contact details

Please supply contact name(s) and mobile phone numbers on all orders. This helps us book deliveries or to call the correct contact during school holidays.

04 Opening times

Please advise opening times if you are expecting a delivery within school holidays. These details will be used to install or deliver the goods on a convenient date.

05 Prepare for the delivery

Remember to keep hold of your old furniture until your new goods arrive, just in case any delays or issues occur. Ensure that there are staff available to receive the delivery as some courier policies are to deliver to the nearest undercover area so some items may need to be moved to the relevant part of the school.

06 Delivery

Some deliveries will be made by pallet via third party couriers within the pallet network and are curbside delivered. Please inform us before placing your order if this is an issue and we will discuss alternative transport options and any relevant costs. Please note, it is the customer's responsibility to remove or dispose of any packaging, including the wooden pallet itself.

07 Returns

Please note furniture is made to order and is therefore generally non-returnable if it has been supplied as per your order. Some suppliers may agree to collect and exchange an item but will usually charge a restocking fee. If it is necessary to return any furniture items then please contact our customer services team on 01527 878348 or email sales@forwardproducts.co.uk.

Notes to remember when ordering

- All classroom and office furniture is made to order so it is important to ensure that the correct size and type of furniture is ordered.
- Delivery times fluctuate throughout the year with lead times being extended during peak months (June-September).
