

## Type IIR Fluid Resistant Face Masks

### Surgical Face Mask 3 Ply Anti Virus & Bacteria Protection Mask - Blue\*

Disposable Earloop Face Mask which can help to decrease the transmission of coughs, colds, flus and viruses.

Keep friends, family members and others from contracting your cold or flu.

Made from a soft and breathable good quality non-woven fiber fabric. Each mask benefits from elastic ear-loops that are soft and comfortable to wear. One size fits most people.

These disposable facemasks can also be used on construction sites to protect you from dust, germs, smoke, pollution, ash, and pollen.
